Link to cell Base unit: CELL 1/CELL 2 indicators Status Meaning Green (On) A cellular phone is connected. Ready to make/receive cellular calls. Green (Flashing) The cellular line is in use. Phonebook entries are being copied from a cellular phone. Green A cellular call is being received. (Flashing rapidly) Amber (On) A cellular phone is not connected to the base unit. The base unit is searching for the registered cellular phone. Amber (Flashing rapidly) Red (Flashing) A cellular call is put on hold. Light off A cellular phone is not registered to the base unit. Handset: Link to cell display items A cellular line is in use. ٠ • When flashing: The cellular call is put on hold. When flashing rapidly: A cellular call is being received. A cellular phone is connected.^{*1} Ready to make/receive cellular calls. • When turned off: A cellular phone is not connected to the base unit. *1 Corresponding cellular line(s) is indicated next to the item. A cellular call is being received on that line. C1 C2 Connecting/disconnecting the cellular phone Auto connection to the cellular phone The unit connects to the cellular phone at regular intervals if the connection is lost. To change the interval (default: "1 min"), see the operating instructions. When you are using a cellular line or a Bluetooth headset, the base unit loses its connection from other Bluetooth devices (cellular phone or headset). To automatically resume the connection to cellular phones, leave the auto connection on. Connecting/disconnecting the cellular phone manually When you make or answer calls with your cellular phone, we recommend disconnecting it from the base unit, otherwise received audio may not be heard on your cellular phone.

You can also manually reconnect the cellular phone to the base unit without waiting for the auto connection feature to resume the connection.

1 To connect/disconnect:

- For CELL 1: [MENU] #6251 (A long beep sounds.)
- For CELL 2: [MENU] #6252 (A long beep sounds.)
- 2 [OFF]

Copying phonebook entries from a Bluetooth cellular phone (phonebook transfer)

You can copy phonebook entries from the registered cellular phones or other cellular phones (not registered) to the unit's shared phonebook.

- 1 Handset: [MENU] #618
- 2 Handset:
 - To copy from registered cellular phones:

 - (↓): Select the desired cellular phone. → [SELECT]
 Copied items are stored to the group ("Cell 1" or "Cell 2") which the cellular phone is registered to.
 - To copy from other cellular phones (not registered): [\uparrow]: "Other cell" \rightarrow [SELECT] \rightarrow [\uparrow]: Select the group you want to copy to. \rightarrow
 - [SELECT]
- **3** When "Transfer phonebook from cell." is displayed: Go to step 4. When "Select mode" menu is displayed: [↓]: Select "Auto" or "Manual". → [SELECT]
 - "Auto": Download all entries from the cellular phone automatically. Go to step 5.

 - "Manual": Copy entries you selected.
 "select mode" menu is displayed only when the cellular phone supports PBAP (Phone Book Access Profile) for Bluetooth connection.

4 Cellular phone:

- Follow the instructions of your cellular phone to copy phonebook entries.
 For other cellular phones (not registered), you need to search for and select the base unit. The base unit PIN (default: "0000") may be required.
- The entries being copied are displayed on the handset.

5 Handset:

Wait until "Completed" is displayed. → [OFF]

Using Bluetooth devices

Using a Bluetooth wireless headset (optional) for landline calls

By registering a Bluetooth headset to the base unit, you can have a hands-free conversation wirelessly for landline calls.

• While someone is using a cellular line, the Bluetooth headset connection is not available.

Registering a headset to the base unit

- 1 Your headset: Set your headset to registration mode. Refer to your headset operating instructions.
- 2 Handset: (MENU) #621

- 3 Enter your headset PIN.
- Typically, default PIN is "0000". Refer to the headset operating instructions. 4 Press [OK], then wait until a long beep sounds. \rightarrow [OFF]
 - When the HEADSET indicator on the base unit lights green, you are ready to use the headset.

Operating a Bluetooth wireless headset using a landline

Refer to your headset operating instructions for headset operations.

- Answering landline calls with your headset
 - To answer a landline call, turn on your headset referring to your headset operating instructions. When you finish talking, turn off your headset referring to your headset operating instructions. If you cannot hang up the call using your headset;
 press [■] (STOP) on the base unit. (KX-TG7731 series)
 press [SP-PHONE] on the base unit 2 times. (KX-TG7741 series)
- Switching between the base unit and your headset
 - You can switch between the base unit and your headset:
 - during a landline call with the base unit speakerphone. (KX-TG7741 series)
 - during an intercom call between the base unit and handset. (KX-TG7741 series) while listening to messages recorded on the base unit answering system.*1
 - KX-TG7741 series

 - To switch to your headset: Press [HEADSET] on the base unit.
 - To switch to the base unit:
 - Press [SP-PHONE] on the base unit.
 - KX-TG7731 series
- You can only switch from the base unit to your headset. Turn on the headset referring to your headset operating instructions.

Frequently asked questions		
Question	Cause/solution	
Why is ႃ¥ displayed?	 The handset is too far from the base unit. Move closer. The base unit's AC adaptor is not properly connected. Reconnect AC adaptor to the base unit. The handset is not registered to the base unit. Register it. 1 Handset: [MENU] ∰ ① ② ① 2 Base unit: Press and hold [LOCATOR] for about 5 seconds until the registration tone sounds. 3 Handset: Press [OK], then wait until a long beep sounds. 	
Why am I unable to register a cellular phone to the base unit?	 Depending on the compatibility of the cellular phone, you may not be able to register it to the base unit. For more information, please visit http://www.panasonic.com/link2cell Confirm that the Bluetooth feature of your cellular phone is turned on. You may need to turn this feature on depending on your cellular phone. 	
Why is there no dial tone? (cellular line)	 Make sure that the CELL 1 or CELL 2 indicator lights green and the cellular phone is connected to the base unit. The cellular phone has not been registered to the base unit. Register the cellular phone. 	
How can I increase the handset volume level?	 Press the volume key [+] repeatedly while talking. 	
Why is the conversation noisy or cutting off?	 Try to relocate the base unit so that distance to the handset is minimized. If the same problem occurs even if the handset is next to the base unit, call Panasonic customer support at 1-800-211-PANA (1-800-211-7262). 	
Can I add another accessory handset to my base unit?	 Yes, you can add up to 6 handsets (including the handset(s) sold with your base unit) to a single base unit. To purchase additional accessory handset(s) (KX-TGA470), please visit http://www.panasonic.com or call 1-800-332-5368. TTY users (hearing or speech impaired users) can call 1-866-605-1277. 	
Can I keep the batteries charging all the time?	• You can leave the handset on the base unit or charger anytime. This will not harm the batteries.	
How can I answer a call waiting call (2nd call)?	• Press [CALL WAIT] when you hear the call waiting tone.	

For further registration information, visit http://www.panasonic.com/RegisterYourHandset
