# Quick troubleshooting

## 1 Handset shows:

**"System is busy. Please try again later."**

Check if another person is using the telephone.

Yes                                          No

Wait until they are finished.          Try to re-register your handset as explained later in this guide.

**"System is busy. Please try again later."** is still displayed.

Re-registration failed.

Your telephone may need service.
Please visit **http://www.panasonic.com/help** for further troubleshooting.

For further troubleshooting information, visit **http://www.panasonic.com/help** or refer to Operating Instructions.

# Quick troubleshooting

## 2 Handset shows:

**"No link to base. Move closer to base, try again."**

Place the handset on the base unit, then check if "**Charging**" is displayed.

"**Charging**" is not displayed.

"**Charging**" is displayed.

"**Charging**" is displayed, now.

Unplug and then plug AC adaptor properly to both the base unit and AC outlet.

"**Charging**" is still not displayed.

Lift the handset, then try again. If handset still shows the same message, try re-registration as explained later in this guide.

Re-registration failed.

Unplug the AC adaptor of the base unit and remove the battery from the handset, then plug in the AC adaptor and insert the battery into the handset again. Try re-registration as explained later in this guide.
Re-registration failed.

Your telephone may need service. Please visit **http://www.panasonic.com/help** for further troubleshooting.

# Quick troubleshooting

## 3 No dial tone is heard from handset.

Lift up the handset from the base unit or charger.
Press 【✆】 (TALK) at the handset, then check if the display shows "**Talk**".

【✆】

---

"**No link to base. Move closer to base, try again.**" is displayed.

> No link to base.
> Move closer to
> base, try again.

"**Talk**" is displayed.

> Talk
> Slow      Mute

Press 【📢】 (SP-PHONE), then check if the dial tone is heard from the speaker on the back.

【📢】

No dial tone | Dial tone is heard.

---

Try remedy for 2 on previous page.

Check the telephone cord is properly connected to both the base unit and telephone line jack on the wall.

Your telephone may need service when only back speaker provides a dial tone.

Still no dial tone

Your telephone may need service.
Please visit **http://www.panasonic.com/help** for further troubleshooting.
