Energy Star is a joint program of the US Environmental Protection Agency and the U.S. Department of Energy. It is administered in Canada by Natural Resources Canada (NRC) through the Office of Energy Efficiency (OEE). This program is helping to protect the environment and save money through energy efficient products and practices. This product qualifies for ENERGY STAR in the "Home Use" setting and this is the setting in which energy savings will be achieved. Any modifications to the "Home Use" setting or other factory default settings could result in greater energy consumption beyond levels that meet ENERGY STAR qualifications.

Safety Precautions

CAUTION

**RISK OF ELECTRIC SHOCK
DO NOT OPEN**

WARNING: To reduce the risk of electric shock, do not remove cover or back. No user-serviceable parts inside. Refer servicing to qualified service personnel.

The lightning flash with arrowhead within a triangle is intended to tell the user that parts inside the product are a risk of electric shock to persons.

The exclamation point within a triangle is intended to tell the user that important operating and servicing instructions are in the papers with the appliance.

Note to CATV System Installer

This reminder is provided to direct the CATV system installer's attention to Article 820-40 of the NEC that provides guidelines for proper grounding and, in particular, specifies that the cable ground shall be connected to the grounding system of the building, as close to the point of cable entry as practical.

Secure Ventilation

Slots and openings in the cabinet and the back or bottom are provided for ventilation, and to ensure reliable operation of the TV and to protect it from overheating. These openings must not be blocked or covered. There should be at least 4 inches (10 cm) of space around the TV. The openings should never be blocked by placing the TV on a bed, sofa, rug or other similar surface. This TV should not be placed in a built-in installation such as a bookcase unless proper ventilation is provided.

Important Safety Instructions (TV set)

- 1) Read these instructions.
- 2) Keep these instructions.
- 3) Heed all warnings.
- 4) Follow all instructions.
- 5) Do not use this apparatus near water.
- 6) Clean only with dry cloth.
- 7) Do not block any ventilation openings. Install in

accordance with the manufacturer's instructions.

- 8) Do not install near any heat sources such as radiators, heat registers, stoves or other apparatus (including amplifiers) that produce heat.
 - 9) Do not defeat the safety purpose of the polarized or grounding-type plug. A polarized plug has two blades with one wider than the other. A grounding type plug has two blades and a third grounding prong. The wide blade or the third prong are provided for your safety. If the provided plug does not fit into your outlet, consult an electrician for replacement of the obsolete outlet.
 - 10) Protect the power cord from being walked on or pinched particularly at plugs, convenience receptacles, and the point where they exit from the apparatus.
 - 11) Only use attachments / accessories specified by the manufacturer.
 - 12) Use only with the cart, stand, tripod, bracket or table specified by the manufacturer, or sold with the apparatus. When a cart is used, use caution when moving the cart / apparatus combination to avoid injury from tip-over.
- 
- 13) Unplug this apparatus during lightning storms or when unused for long periods of time.
 - 14) Refer all servicing to qualified service personnel. Servicing is required when the apparatus has been damaged in any way, such as power-supply cord or plug is damaged, liquid has been spilled or objects have fallen into the apparatus, the apparatus has been exposed to rain or moisture, does not operate normally, or has been dropped.
 - 15) Operate only from the type of power source indicated on the marking label. If you are not sure of the type of power supplied to your home, consult your television dealer or local power company.
 - 16) Follow all warnings and instructions marked on the TV.
 - 17) Never push objects of any kind into this TV through cabinet slots as they may touch dangerous voltage points or short out parts that could result in a fire or electric shock. Never spill liquid of any kind on the TV.
 - 18) If an outside antenna is connected to the television equipment, be sure the antenna system is grounded so as to provide some protection against voltage surges and built up static charges. In the U.S. Section 810-21 of the National Electrical Code provides information with respect to proper grounding of the mast and supporting structure, grounding of the lead-in wire to an antenna discharge unit, size of grounding conductors, location of antenna discharge unit, connection to grounding electrodes, and requirements for the grounding electrode.

19) An outside antenna system should not be located in the vicinity of overhead power lines, other electric light, power circuits, or where it can fall into such power lines or circuits. When installing an outside antenna system, extreme care should be taken to keep from touching such power lines or circuits as contact with them might be fatal.

20) Unplug this TV from the wall outlet and refer servicing to qualified service personnel under the following conditions:

- a. When the power cord or plug is damaged or frayed.
- b. If liquid has been spilled into the TV.
- c. If the TV has been exposed to rain or water.
- d. If the TV does not operate normally by following the operating instructions.

Adjust only those controls that are covered by the operating instructions as improper adjustment of other controls may result in damage and will often require extensive work by a qualified technician to restore the TV to normal operation.

- e. If the TV has been dropped or the cabinet has been damaged.
- f. When the TV exhibits a distinct change in performance - this indicates a need for service.

21) When replacement parts are required, be sure the service technician uses replacement parts specified by the manufacturer that have the same characteristics as the original parts. Unauthorized substitutions may result in fire, electric shock, or other hazards.

22) **WARNING:**

TO REDUCE THE RISK OF FIRE OR ELECTRIC SHOCK, DO NOT EXPOSE THIS APPARATUS TO RAIN, MOISTURE, DRIPPING OR SPLASHING.

DO NOT PLACE LIQUID CONTAINERS (FLOWER VASES, CUPS, COSMETICS, ETC.) ABOVE THE SET (INCLUDING ON SHELVES ABOVE, ETC.).

23) **WARNING:**

SMALL PARTS CAN PRESENT CHOKING

HAZARD IF ACCIDENTALLY SWALLOWED. KEEP SMALL PARTS AWAY FROM YOUNG CHILDREN.

DISCARD UNNEEDED SMALL PARTS AND OTHER OBJECTS, INCLUDING PACKAGING MATERIALS AND PLASTIC BAGS/SHEETS TO PREVENT THEM FROM BEING PLAYED WITH BY YOUNG CHILDREN, CREATING THE POTENTIAL RISK OF SUFFOCATION.

24) **WARNING:**

To prevent the spread of fire, keep candles or other open flames away from this product at all times.

25) **WARNING:**

Do not place this TV in any medical institutions or locations with medical devices.

Radio waves from this TV may interfere with the medical devices and cause accidents due to the malfunction.

26) **WARNING:**

Do not use this TV near any automatic control devices such as automatic doors or fire alarms.

Radio waves from this TV may interfere with the automatic control devices and cause accidents due to the malfunction.

27) **WARNING:**

Keep this TV away at least 9 inches (22 cm) from the location where a cardiac pacemaker is implanted.

Radio waves from this TV may interfere with the operation of the pacemaker.

28) **CAUTION:**

The Power switch on this unit will not completely shut off all power from AC outlet. Since the power cord serves as the main disconnect device for the unit, you will need to unplug it from the AC outlet to shut down all power.

Therefore, make sure the unit has been installed so that the power cord can be easily unplugged from AC outlet in case of an accident. To avoid fire hazard, the power cord should also be unplugged from the AC outlet when left unused for a long period of time (for example, when on vacation).

29) **CAUTION:**

TO PREVENT ELECTRIC SHOCK, DO NOT USE THIS PLUG WITH A RECEPTACLE OR OTHER OUTLET UNLESS THE BLADES CAN BE FULLY INSERTED TO PREVENT BLADE EXPOSURE.

30) **CAUTION:**

USE WITH OTHER STAND MAY RESULT IN INSTABILITY POSSIBLY CAUSING INJURY.

31) **CAUTION:**

DANGER OF EXPLOSION IF BATTERY IS INCORRECTLY REPLACED. REPLACE ONLY WITH THE SAME OR EQUIVALENT TYPE.

FCC and IC STATEMENT

This equipment has been tested and found to comply with the limits for an Other Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the Panasonic Service Center or an experienced radio/TV technician for help.

FCC Caution:

To assure continued compliance, follow the attached installation instructions and use only shielded interface cables when connecting to peripheral devices. Any changes or modifications not expressly approved by Panasonic Corp. of North America could void the user's authority to operate this device.

FCC and Industry Canada (IC) RF Exposure Warning:

- This TV is provided with two built-in transmitters: (1) Wireless LAN Adapter with FCC ID: NKR-P75/IC ID: 4441A-P75; and (2) Bluetooth Adapter with FCC ID: NKR-P705/IC ID: 4441A-P705.
- These transmitters comply with FCC and IC radiation exposure limits set forth for an uncontrolled environment for mobile use with minimum 8 inches (20 cm) spacing requirement between transmitters and all person's body (excluding extremities of hands, wrist and feet) during wireless modes of operation.
- This TV may also be provided with a Touch Pad Controller approved under FCC ID: MG3-0602309/IC ID: 2575A-0602309.
- Other third-party wireless transmitters should not be used as they have not been RF exposure evaluated for use with this TV and may not comply with RF exposure requirements.

<Only for wireless LAN if capable of transmission in the 5.15 ~ 5.25 GHz frequency band>

This product is restricted to indoor use due to its operation in the 5.15 to 5.25 GHz frequency range.

FCC and IC require this product to be used indoors for the frequency range 5.15 to 5.25 GHz to reduce the potential for harmful interference to co-channel Mobile Satellite systems. High power radars are allocated as primary users of the 5.25 to 5.35 GHz and 5.65 to 5.85

GHz bands. These radar stations can cause interference with and/or damage this product.

Responsible Party:

Panasonic Corporation of North America
Two Riverfront Plaza, Newark, NJ 07102-5490

Support Contact:

<http://www.panasonic.com/contactinfo>

This device complies with Part 15 of the FCC Rules and all applicable IC RSS standards.

Operation is subject to the following two conditions:

- (1) This device may not cause harmful interference, and
- (2) this device must accept any interference received, including interference that may cause undesired operation.

Flat panel displays are not always supported on the proper stands or installed according to the manufacturer's recommendations. Flat panel displays that are inappropriately situated on dressers, bookcases, shelves, desks, speakers, chests, or carts may fall over and may cause personal injury or even death.

The Consumer Electronics Association (CEA), of which Panasonic is a member, is committed to making home entertainment enjoyable and safe. To prevent personal injury or death, be sure to follow these following safety guidelines:

CEA CHILD SAFETY NOTICE

THE CONSUMER ELECTRONICS INDUSTRY CARES

- Manufacturers, retailers and the rest of the consumer electronics industry are committed to making home entertainment safe and enjoyable.
- As you enjoy your television, please note that all televisions – new and old- must be supported on proper stands or installed according to the manufacturer's recommendations. Televisions that are inappropriately situated on dressers, bookcases, shelves, desks, speakers, chests, carts, etc., may fall over, resulting in injury.

TUNE IN TO SAFETY

- ALWAYS follow the manufacturer's recommendations for the safe installation of your television.
- ALWAYS read and follow all instructions for proper use of your television.
- NEVER allow children to climb on or play on the television or the furniture on which the television is placed.
- NEVER place the television on furniture that can easily be used as steps, such as a chest of drawers.
- ALWAYS install the television where it cannot be pushed, pulled over or knocked down.
- ALWAYS route cords and cables connected to the television so that they cannot be tripped over, pulled or grabbed.

WALL OR CEILING MOUNT YOUR TELEVISION

- ALWAYS contact your retailer about professional installation if you have any doubts about your ability to safely mount your television.
- ALWAYS use a mount that has been recommended by the television manufacturer and has a safety certification by an independent laboratory (such as UL, CSA, ETL).
- ALWAYS follow all instructions supplied by the television and mount manufacturers.
- ALWAYS make sure that the wall or ceiling where you are mounting the television is appropriate. Some mounts are not designed to be mounted to walls and ceilings with steel studs or cinder block construction. If you are unsure, contact a professional installer.
- Televisions can be heavy. A minimum of two people is required for a wall or ceiling mount installation.

MOVING AN OLDER TELEVISION TO A NEW PLACE IN YOUR HOME

- Many new television buyers move their older CRT televisions into a secondary room after the purchase of a flat-panel television. Special care should be made in the placement of older CRT televisions.
- ALWAYS place your older CRT television on furniture that is sturdy and appropriate for its size and weight.
- NEVER place your older CRT television on a dresser where children may be tempted to use the drawers to climb.
- ALWAYS make sure your older CRT television does not hang over the edge of your furniture.

Panasonic recommends that a qualified installer perform the wall-mount installation. See page 24.

The American Academy of Pediatrics discourages media viewing for children younger than two years. For more details, see www.aap.org.

NOTE:

This equipment is designed to operate in North America and other countries where the broadcasting system and AC house current are exactly the same as in North America.

Accessories/ Optional accessories

Accessories

Check that all the following items have been included with your TV

Remote Control

- N2QAYB000926

Touch Pad Controller

- N2QBYA000004

Batteries

- AA Battery (2)
(For Remote Control)

- AAA Battery (2)
(For Touch Pad Controller)

Power cord

Pedestal

- Assembly (p. 9)

Owner's Manual

Quick start guide

Child safety sheet

Product Registration Card (U.S.A.)

Optional Accessories

Please contact your nearest Panasonic dealer to purchase the recommended optional accessories. For additional details, please refer to the optional accessories installation manual.

- Product information (Model No. and release date etc.) is subject to change without notice.
- For more information

(Global reference) <http://panasonic.net/viera>

Communication Camera

- TY-CC20W

- This camera can be used in the video communication tool.
- For details, read the manual for the Communication Camera.

Attaching the pedestal to TV

(A) Assembly screws

(Black) (4)

(B) Assembly screws

(Black) (4)

(C) Bracket (2)

(D) Base

■ Attaching the pedestal

Removing the pedestal from the TV

Be sure to remove the pedestal in the following way when using the wall-hanging bracket or repacking the TV.

- 1 Remove the assembly screws **(B)** from the TV.
 - 2 Lift the TV from the pedestal.
 - 3 Remove the assembly screws **(A)** from the bracket.
-

Warning

Do not disassemble or modify the pedestal.

- Otherwise, the TV may fall over and become damaged, and personal injury may result.

Caution

Do not use any pedestal other than that provided with this TV.

- Otherwise, the TV may fall over and become damaged, and personal injury may result.

Do not use the pedestal if it becomes warped or physically damaged.

- If you use the pedestal when it is physically damaged, personal injury may result. Contact your nearest Panasonic Dealer immediately.

During set-up, make sure that all screws are securely tightened.

- If sufficient care is not taken to ensure screws are properly tightened during assembly, the pedestal will not be strong enough to support the TV, and it might fall over and become damaged, and personal injury may result.

When removing the pedestal, do not remove the pedestal by any methods other than the specified procedure. (p. 10)

- Otherwise, the TV and/or pedestal may fall over and become damaged, and personal injury may result.
-

■ Moving the TV

Before moving the TV, disconnect all cables.

- Move the TV with at least two people.

Connections

Please refer to eHELP (p. 20) for other connections (VIERA Link connection etc.).

Connection Panels

Back of the TV

- 1 USB1/2
 - 2 HDMI3
 - 3 Component/Video terminal
 - 4 Ethernet connector
 - 5 Antenna cable in
 - 6 Digital audio out
 - 7 HDMI1/2
- For (A), (B), (C) connections, please refer to p. 12

VHF/UHF Antenna

- NTSC (National Television System Committee): Analog television system
- ATSC (Advanced Television Systems Committee): Digital TV Standards include digital high-definition television (HDTV), standard-definition television (SDTV), data broadcasting, multi-channel surround sound audio and interactive television.

Power cord connection

Back of the TV

Power Cord

Connect after all other connections have been made.

Insert the power cord plug (included) firmly into place.

Important:

- Disconnect the power cord plug from the wall out first.
- The included power cord is for use with this unit only.

Antenna connection

Back of the TV

Cable

- You need to subscribe to a cable TV service to enjoy viewing their programming.
- A high-definition connection can be made using an HDMI or Component Video cable. (p. 12)

Note

- When using a Cable box, external equipment and video cables shown in this manual are not supplied with the TV.
- For additional assistance, visit us at:
www.panasonic.com/support
www.panasonic.ca/english/support

AV cable connection

A To use HDMI terminals (for best HD picture)

(Set-top-box / DVD recorder / Blu-ray Disc player / Camcorder / etc.)

- 1 HDMI cable
- 2 AV Equipment (e.g. Blu-ray Disc player)

For devices with DVI output

- 1 Audio cable
- 2 HDMI-DVI Conversion cable
- 3 AV Equipment (e.g. Blu-ray Disc player)

B To use COMPONENT terminals

(DVD recorder / Blu-ray Disc player / etc.)

- 1 Component cable
- 2 AV Equipment (e.g. Blu-ray Disc player)

C To use COMPOSITE terminals (for SD picture)

(Camcorder / Game system / DVD recorder / etc.)

- 1 VIDEO cable
- 2 AV Equipment (e.g. Camcorder)

Note

- In some cases, it is not possible to connect depending on the type of cable or equipment.
- The Green terminal is shared for both the COMPONENT and COMPOSITE (VIDEO IN) connection. When using COMPOSITE (VIDEO IN) connection, the Yellow connector (VIDEO) should be inserted into Green connection.

Network connection

- To enable the network service functions, you need to connect the TV to a broadband network environment. If you do not have any broadband network services, please consult your retailer for assistance.
- Prepare the Internet environment for wired connection or wireless connection.

■ Wired connection

TV

- 1 LAN cable (Shielded)

■ Wireless connection

- 1 Built-in wireless LAN
- 2 Access point

■ About built-in wireless LAN/Bluetooth

- To use the built-in wireless LAN, using an access point is recommended.
- To use the built-in wireless LAN in the access point mode, up to 7 devices are connectable. But the transfer rate will vary according to communication environment or connected equipments.
- Do not use the built-in wireless LAN to connect to any wireless network (SSID*1) for which you do not have usage rights. Such networks may be listed as a result of searches. However, using them may be regarded as illegal access.

- Check that the Access point supports WPS*2.
(If it does not support WPS, the encryption key of the Access point is required when configuring settings.)

- Follow the instructions on the Access point setup screen and configure the appropriate security settings.

For more details on setting of Access point, please refer to operating manual for the Access point.

- We recommend using 11n (5 GHz) for the wireless system between the built-in wireless LAN and Access point.

Communication is also possible with 11a, 11b, and 11g, but the communication speed may be slower.

- If the wireless system of the Access point is changed, devices that could connect by wireless LAN may no longer be able to connect.
- Data transmitted and received over radio waves may be intercepted and monitored.
- Keep the TV away from the following devices as much as possible:

Wireless LAN, microwaves, and other devices that use 2.4 GHz and 5 GHz signals. Otherwise, the TV failures such as malfunction may occur due to the radio wave interference.

- When noises occur due to the static electricity, etc., the TV might stop operating for the protection of the devices. In this case, turn the TV Off with power On / Off switch, then turn it On again.

*1 SSID is a name for identifying a particular wireless network for transmission.

*2 WPS: Wi-Fi Protected Setup

Audio connection

① Optical cable

② DIGITAL AUDIO IN

③ e.g. Amplifier with speaker system

④ HDMI cable

⑤ HDMI OUT (ARC)

HDMI connection is available if connected audio equipment has ARC (Audio Return Channel) function.

- Please refer to eHELP (p. 20) for more details.

Identifying Controls

TV controls/indicators

Front of the TV

- 1 Remote Control sensor
Maximum range for remote is 23 feet (7 meters) from front of TV set.
- 2 C.A.T.S. (Contrast Automatic Tracking System)
- 3 Power indicator (On: red, Off: no light)

Back of the TV

- 1 Changes the input mode
Selects Menu and Submenu entries
(Press and hold down for MENU function)
- 2 Selects channels in sequence
- 3 Volume up/down
- 4 POWER button
 - An image of the control panel is displayed on the screen while in use.

Note

- The TV consumes a small amount of electric energy even when turned off.
- Do not place any objects between the TV remote control sensor and remote control.

Panasonic does not guarantee operation and performance of peripheral devices made by other manufacturers; and we disclaim any liability or damage arising from operation and/or performance from usage of such other maker's peripheral devices.

Remote Control

- 1 Set Sleep timer
 - 2 Switches TV On or Off (Standby)
 - 3 Switches surround sound setting
 - 4 Displays Menu
 - 5 Displays or removes the information banner
 - 6 Displays Apps (application) list
 - 7 Displays Option Menu for special functions (when available)
 - 8 Colored buttons (used for various functions)
 - 9 Volume up/down
 - 10 Use for digital channels
 - 11 External equipment operations
- * Functions are switched depending on connected external equipment and operation.
-   : Press and hold to skip backward/forward.

- 12 Switches to previously viewed channel or input
- 13 Closed caption On/Off
- 14 Selects Secondary Audio Programming
- 15 Operates the Favorite channel list function
- 16 Changes aspect ratio and zoom

- 17 Returns to Home Screen
- 18 Displays Home Screen
- 19 Selects source to watch
- 20 Selects/OK/Change
- 21 Go back to previous menu
- 22 Sound mute On/Off
- 23 Channel up/down, when viewing from ANT/Cable source
- 24 Numeric keypad to select any channel or press to enter alphanumeric input in menus
- 25 Accesses NETFLIX service directly
 - This service requires an Internet connection.
 - This service might be stopped or the conditions changed without notice.
- 26 Media player
- 27 Displays eHELP (built-in manual) (p. 20)

Touch Pad Controller

The Touch Pad Controller is designed to facilitate TV operations, such as when accessing Home Screen or the Browser with the Touch Pad and free pointing system. It also covers other TV operations as a Remote Control.

- Touch Pad Controller must be paired with the TV prior to operation. (Pairing to this TV with Bluetooth wireless technology.)

■ Parts names and functions

- 1 Power button
- 2 Volume up/down
- 3 Menu (Displays Menu)
- 4 Touch Pad
- 5 Option menu (Displays Option menu)
- 6 My button (Register your favorite contents)
- 7 HOME (Displays Home Screen)
- 8 Microphone
- 9 Channel up/down
- 10 To use microphone
- 11 RETURN
- 12 Apps (Displays Apps list)
- 13 OK
 - The Touch Pad Controller must be pointed toward the TV to turn on the power. (Only the Power-on switch works at first.)
 - The TV can be paired with one Touch Pad Controller only.
 - Please refer to eHELP (p. 20) for more information about My button.
 - About Voice Control:
It is recommended to speak within about 6 inches (15 cm) from microphone of Touch Pad Controller when using Voice Control function. (Please refer to eHELP (p. 20) for Voice Control function.)
 - Transmission Range:

Use the Touch Pad Controller within the range of 10.5 ft (3.2 m) from front surface of the TV. The range may be shortened if there are any obstacles or can be affected by the surrounding environment or building structure.

■ Pairing Touch Pad Controller

- 1 Insert the batteries in the Touch Pad Controller.
- 2 Hold the Touch Pad Controller within 1.6 ft. (50 cm) of the TV.
- 3 Operate touch pad or press any button other than Power button to start pairing.
- 4 Please complete the pairing by checking the status in the pairing guide on the screen.
 - You can also pair the Touch Pad Controller. (Press MENU > Setup > Touch Pad settings)

■ Operating Touch Pad Controller

Touch Pad operations

Tap:

Tap center of the pad to "OK".

Swipe:

Slide your finger to swipe.

Trace the fringe to scroll.

- Some operations differ depending on the application.

Installing the remote's batteries

■ Remote Control

■ Touch Pad Controller

Warning

- Do not allow children to handle remote control batteries.
 - As with any small object, remote control batteries can be swallowed by young children.

Caution

- Incorrect installation may cause battery leakage and corrosion, resulting in damage to the remote control.
 - Do not mix old and new batteries.
 - Do not mix different battery types (such as alkaline and manganese batteries).
 - Do not use rechargeable (Ni-Cd) batteries.
- Do not burn or break batteries.

First Time Setup

The first time setup screen is displayed only when the TV is turned on for the first time, after the power cord is inserted into a wall outlet.

1 Turn the TV on with the POWER button

(TV)

or

(Remote)

2 Setup the following items

- **Select your language**
- **Select your country**
- **Select your viewing mode**
(Be sure to select "Home Use")

If you select "Store Demonstration" by mistake, confirmation screen will be displayed.

To display the "Set viewing mode" screen again in order to select "Home Use", perform one of the following actions:

- Press and hold down the rear POWER button for at least five seconds.
 - Unplug the power cord for 30 seconds and then plug it in again.
- **Configure Network connection**
Follow the instructions on screen to complete the Network connection.
 - **ANT/Cable setup**
Set up based on how your TV programming is connected. Select "Yes" if you are connected to a Cable, Satellite or Fiber Optic box. Select "No" if you are connected to the Antenna/Cable In with a coaxial wire into the screw-on connector. In this case you will need to scan for channels that are available in your area.
 - **Adjust the Clock**
Select the clock mode and adjust other settings.
When "Auto" is selected, clock will be set automatically according to Time zone and DST. The TV must be connected to the Internet to use this feature.

- **Complete first time setup**
Completion screen is displayed.

3 Select type of Home Screen

The "Tutorial" for "my Home Screen" starts.

Follow the instruction of the "Tutorial" to select desired "Home Screen".

Example: Home Screen Selection

Example: Lifestyle Screen

- "Home Screen" is displayed as the start-up screen when the TV is turned on or the HOME button is pressed.

Operations

Turn power on

The last viewed Home Screen is displayed each time the TV is turned on.

Example: Lifestyle Screen

Example: Selected content screen

- To return to "Home Screen" at any time.

- You can customize "Home Screen" and display desired information, access specific features easily, select the default "Home Screen", etc. For details, follow the on-screen instructions or refer to the eHELP (Using my Home Screen > my Home Screen > Settings).

Watching TV

Select the TV viewer from "Home Screen"

To watch TV via a Cable box, Satellite receiver, or any other source (DVD, DVR, gaming device, etc.), press the INPUT button and select the appropriate input.

To access each feature

Access "Apps list" and select a feature

Example: Apps list

- Apps are the applications (features) of the TV.
- For operations of each feature and the setup of "Apps list", follow the on-screen instructions or refer to the eHELP (Using my Home Screen > Using Apps list).

Using eHELP (Built-in Manual)

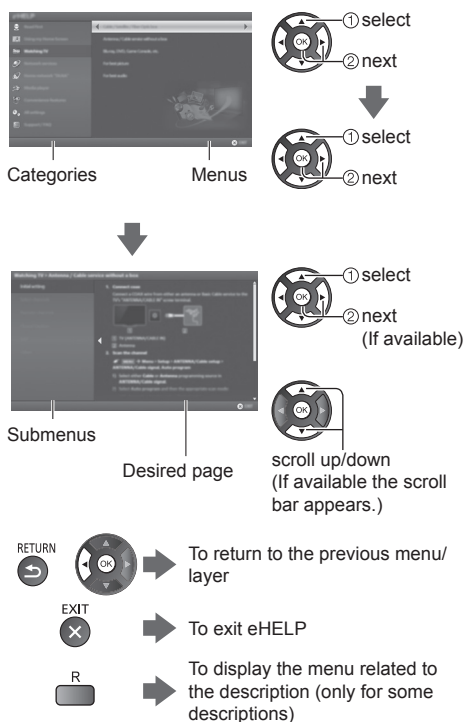

eHELP is a built-in manual that explains how to easily operate the TV's features. Press the eHELP button to access the guide.

1 Display eHELP

When you enter eHELP again after exiting, the confirmation screen is displayed while the TV is turned on. You can select "First Page" or "Last Page".

2 Select the desired page from the menu

Frequently Asked Questions (FAQ)

How can I confirm that my TV is working properly?

- The TV has a built-in Self Test. On the remote control, press MENU and scroll down and select HELP to access the TV SELF TEST. Run the test and follow the on screen instructions.

Why doesn't the remote control work?

- Check that the batteries are fresh, are of the same type and are installed with the correct polarity (+ & -).
- To operate other devices, such as changing channels when using Cable or Satellite boxes, or operating non-Panasonic Blu-ray players, use the remote supplied with the device.

Why is there no picture or just a blue, black or snowy screen being displayed?

- Ensure that the power cord is plugged in and the TV is turned on (front red LED light should be on, not blinking).
- Press the INPUT button on the remote to select the correct input source.
- Ensure all connections are correct and secure.
- When using external video source, such as a Cable/Satellite box or DVD player, ensure that the device is on and functioning correctly.
- Press MENU on the TV's remote control. If the menu is displayed, then the TV is working; recheck above steps.

The display panel moves slightly and clattered sound is heard when it is pushed with a finger.

- There is a little gap around the panel to prevent damage to the panel. This is not a malfunction.

Why is the screen blank and the power indicator blinking?

- The TV has gone into shutdown mode to protect itself. Try unplugging it for a few minutes and connecting it again. If there was a temporary power surge on the AC line it may now be OK. If the blinking returns, visit www.panasonic.com/support (U.S.A.) or www.panasonic.ca/english/support (Canada).

Why doesn't the Touch Pad Controller work?

- Check that the batteries are fresh, are of the same

type and are installed with the correct polarity (+ & -).

- Check if the controller is paired with the TV. (p. 16)
- Check if the pairing range is within 1.6 ft (50 cm).
- Check if the Touch Pad Controller is pointed toward the TV to turn on the power.

Care and Cleaning

First, unplug the power cord plug from the wall outlet.

Display panel

The front of the display panel has been specially treated. Wipe the panel surface gently using only a cleaning cloth or a soft, lint-free cloth.

- If the surface is particularly dirty after cleaning up the dust, soak a soft, lint-free cloth in diluted, mild liquid dish soap (1 part mild liquid dish soap diluted by 100 times the amount of water), and then wring the cloth to remove excess liquid. Use this cloth to wipe the surface of the display panel, then wipe it evenly with a dry cloth of the same type until the surface is dry.
- Do not scratch or hit the surface of the panel with fingernails or other hard objects. Furthermore, avoid contact with volatile substances such as insect sprays, solvents, and thinner; otherwise, the quality of the surface may be adversely affected.

Cabinet

If the cabinet becomes dirty, wipe it with a soft, dry cloth.

- If the cabinet is particularly dirty, soak the cloth in diluted, mild liquid dish soap and then wring the cloth dry. Use this cloth to wipe the cabinet and then wipe it dry with a dry cloth.
- Do not allow any mild liquid dish soap to come into direct contact with the surface of the TV. If water droplets get inside the unit, operating problems may result.
- Avoid contact with volatile substances such as insect sprays, solvents, and thinner; otherwise, the quality of the cabinet surface may be adversely affected or the coating may peel off.
- Do not let articles made from rubber or PVC be in contact with the TV for long periods of time.

Pedestal

Cleaning

- Wipe the surfaces with a soft, dry cloth. If the unit is particularly dirty, clean it using a cloth soaked with water to which a small amount of mild liquid dish soap has been added and then wipe with a dry cloth. Do not use products such as solvents, thinner, or household wax for cleaning, as they can damage the surface coating.

Note: If using a chemically-treated cloth, follow the instructions supplied with the cloth.

- Do not attach sticky tape or labels, as they can make the surface of the pedestal dirty. Do not allow long-term contact with rubber, vinyl products, or the like. (Doing so will cause deterioration.)

Power cord plug

Wipe the plug with a dry cloth at regular intervals.

Note: Moisture and dust can lead to fire or electrical shock.

Depth of screw

Minimum: 0.39" (10.0 mm)

Maximum: 0.79" (20.0 mm)

Screws for attaching the TV to the wall-hanging bracket (not supplied with the TV)

Warning

- Always be sure to ask a qualified technician to carry out set-up.
- Do not mount the unit directly below ceiling lights (such as spotlights, floodlights or halogen lights) that typically give off high heat. Doing so may warp or damage plastic cabinet parts.
- Take care when fixing wall brackets to the wall. Always ensure that there are no electrical cables or pipes in the wall before hanging bracket.
- To prevent fall and injury, remove the TV from its fixed wall position when it is no longer in use.
- Incorrect wall-hanging bracket or incorrect fitting may cause equipment to fall, resulting in injury and product damage.
- Panasonic disclaims liability for any damage or injury arising from incorrect wall-hanging bracket, incorrect fitting or otherwise failure to follow the above instructions.

Limited Warranty (for U.S.A.)

Panasonic Television Limited Warranty

Limited Warranty Coverage

If your product does not work properly because of a defect in materials or workmanship, Panasonic Corporation of North America (referred to as "the warrantor") will, for the length of the period indicated on the chart below, which starts with the date of original purchase ("Limited Warranty period"), at its option either (a) repair your product with new or refurbished parts, (b) replace it with a new or a refurbished equivalent value product, or (c) refund your purchase price. The decision to repair, replace or refund will be made by the warrantor.

| TV CATEGORIES | PARTS | LABOR | SERVICE |
|---------------------------|--------------|--------------|----------|
| Up to 42" (diagonal) | 1 (ONE) YEAR | 1 (ONE) YEAR | Carry-In |
| 46" (diagonal) and larger | | | On-Site |

During the "Labor" Limited Warranty period there will be no charge for labor. During the "Parts" Limited Warranty period, there will be no charge for parts.

You must carry-in your product or arrange for on-site service during the Limited Warranty period. If non-rechargeable batteries are included, they are not warranted. This Limited Warranty only applies to products purchased and serviced in the United States. This Limited Warranty is extended only to the original purchaser of a new product which was not sold "as is". A purchase receipt or other proof of the original purchase date is required for Limited Warranty service.

On-Site or Carry-In Service

To submit a new repair request and for quick repair status visit our Web Site at www.panasonic.com/repair.

On-site service where applicable requires clear, complete and easy access to the product by the authorized servicer and does not include removal or re-installation of an installed product. It is possible that certain on-site repairs will not be completed on-site, but will require that the product or parts of the product, at the servicer's discretion be removed for shop diagnosis and/or repair and then returned.

When shipping the unit, carefully pack, include all accessories, and send it prepaid, adequately insured and preferably in the original carton. When shipping Lithium Ion batteries please visit our Web Site at www.panasonic.com/Battery-Handling as Panasonic is committed to providing the most up to date information. Include a letter detailing the complaint, a return address and provide a daytime phone number where you can be reached. A valid registered receipt is required under the Limited Warranty.

Limited Warranty Limits And Exclusions

This Limited Warranty ONLY COVERS failures due to defects in materials or workmanship, and DOES NOT COVER normal wear and tear or cosmetic damage, nor does it cover markings or retained images on the glass panel resulting from viewing fixed images (including, among other things, non-expanded standard 4:3 pictures on wide screen TVs, or onscreen data in a stationary and fixed location such as network logos, video games and banners). The Limited Warranty ALSO DOES NOT COVER damages which occurred in shipment, or failures which are caused by products not supplied by the warrantor, or failures which result from accidents, misuse, abuse, neglect, bug infestation, mishandling, misapplication, alteration, faulty installation, set-up adjustments, misadjustment of consumer controls, improper maintenance, power line surge, lightning damage, modification, or commercial use (such as in a hotel, office, restaurant, or other business), rental use of the product, service by anyone other than a Factory Service Center or other Authorized Servicer, or damage that is attributable to acts of God.

THERE ARE NO EXPRESS WARRANTIES EXCEPT AS LISTED UNDER "LIMITED WARRANTY COVERAGE". THE WARRANTOR IS NOT LIABLE FOR INCIDENTAL OR CONSEQUENTIAL DAMAGES RESULTING FROM THE USE OF THIS PRODUCT, OR ARISING OUT OF ANY BREACH OF THIS LIMITED WARRANTY. (As examples, this excludes damages for lost time, cost of having someone remove or re-install an installed unit if applicable, or travel to and from the servicer. The items listed are not exclusive, but are for illustration only.) **ALL EXPRESS AND IMPLIED WARRANTIES, INCLUDING THE LIMITED WARRANTY OF MERCHANTABILITY, ARE LIMITED TO THE PERIOD OF THE LIMITED WARRANTY.**

Some states do not allow the exclusion or limitation of incidental or consequential damages, or limitations on how long an implied Limited Warranty lasts, so the exclusions may not apply to you.

This Limited Warranty gives you specific legal rights and you may also have others rights which vary from state to state. If a problem with this product develops during or after the Limited Warranty period, you may contact your dealer or Service Center. If the problem is not handled to your satisfaction, then write to the warrantor's Consumer Affairs Department at the addresses listed for the warrantor.

PARTS AND SERVICE (INCLUDING COST OF AN ON-SITE SERVICE CALL, WHERE APPLICABLE) WHICH ARE NOT COVERED BY THIS LIMITED WARRANTY ARE YOUR RESPONSIBILITY.
